Art Unit: 3682

1. The reply filed on 12/19/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant failed to submit a readable copy of the amendment to the claims. In Applicant's reply of 12/19/05, only the amendments to the specification were submitted. Note that in the notice of non-responsive amendment of 9/14/05, the Examiner stated that the entire amendment was unreadable. Since the amendment this action was referring to also included amendments to the claims, in order to be compliant with the 9/14/05 communication, Applicant must also submit readable copies of every change to the disclosure. In this case, a readable copy of the claims is also required. The amendments to the specification are readable. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

2. The following are suggested formats for either a Certificate of Mailing or Certificate of Transmission under 37 CFR 1.8(a). The certification may be included with all correspondence concerning this application or proceeding to establish a date of mailing or transmission under 37 CFR 1.8(a). Proper use of this procedure will result in such communication being considered as timely if the established date is within the required period for reply. The Certificate should be signed by the individual actually depositing or transmitting the correspondence or by an individual who, upon information and belief, expects the correspondence to be mailed or transmitted in the normal course of business by another no later than the date indicated.
